Space is a unique building superbly converted from a 1930's primary school in 2005 which offers light and spacious office accommodation. Services, which are charged on a floor space basis, include reception, maintenance, security, heating and lighting.

The building is home to a variety of well-known organisations, many with a focus on improving people's quality of life. There is also a theatre and gallery on site managed by one of Scotland's up and coming children's theatre groups.

Whilst being DDA compliant the building benefits from improvements to maximise accessibility for people with varying needs.
